

## Seeking interns, fellows & volunteers!

We are currently in the organizing stage of our grassroots campaign and are looking to recruit motivated politicians to join our campaign!

This opportunity will provide hands on training in grassroots campaigning and will include experiences with precinct targeting and outreach, phone banking, campaign communications, voter targeting and voter identification.

Interns will be taught tactics employed by a modern political campaign. The program will be a great experience with a California State Senate campaign and an opportunity to display leadership skills and exhibit initiative. Interns commit to a minimum of 12 hours a week and must be ready to roll up their sleeves and work hard! Many of our interns are college students and we can accommodate school schedules.

Interns and fellows must be highly organized, reliable, comfortable with speaking, willing to take on a variety of tasks, and we're always looking for interns/fellows with strong ties to the district

Volunteers are welcomed on any day they can commit to!
